

## Mother's Day.

Mother's Day will again be held this year by the Modern Woodmen and Royal Neighbors under the tent at the Baptist church. Mother's Day is always held on the second Sunday in May and this year it falls on May 14th. This beautiful thought of setting aside one day of the year to be particularly dedicated to mother was first suggested by Miss Anna Jarvis of Philadelphia, who founded the Mother's Day International Association to provide the necessary organized support for the fostering of the movement.

The Modern Woodmen of this city have ordered great quantities of white carnations to be worn by the Modern Woodmen and Royal Neighbors and the Mothers on this occasion.

It is hoped that this occasion will be the best yet, and every one is cordially invited to come out and take part in the services.

## URGES CLEAN-UP DAY.

A clean-up day is urged in every town in Missouri by Walter K. Chorn, State Superintendent of Insurance, in a letter addressed to every newspaper in the state. This is asked for by Mr. Chorn for several reasons, but the main one is to try and secure a reduction in fire insurance rates.

Mr. Chorn urges that all basements be thoroughly cleaned and that rubbish taken out be burned, but in doing this he particularly admonishes all to be very careful.

"Refuse from all stairways and counters should be cleaned away," says Mr. Chorn, who also asks that the rear of all buildings be given special attention and that all boxes piled in the rear be removed to a safe distance from the building in order that a match dropped carelessly may not be the cause for the destruction of an entire town.

He also asks that everyone be sure to use flue stops in all flue holes when stoves are taken down for the summer. Insurance companies make a charge of from 5 cents to 10 cents for all uncapped flue holes.

"A general clean-up will be a good thing for every town in the state, and I am hoping that all cities and towns that are not preparing to have such a day will prepare for one now. It will not only be a good thing in the way of reducing fire insurance rates but it is certain to give the town a much better appearance and will make it much more sanitary," concludes Mr. Chorn.

Other improvements that may be made are the removal of gasoline from buildings and removed to a distance of not less than twenty feet from the building. If left nearer, it should be buried not nearer than six feet. When the improvements are made, it would be well to address Mr. Chorn at Jefferson City, in order that he may see what reductions are obtainable in fire insurance rates. He promises to give all such communications prompt and careful attention.

## Your Assistance Wanted.

We want the assistance of every school teacher and others in every school district in Pemiscot county—that is, we want a correspondent from your district.

Now that the Hayti Herald is the official paper of Pemiscot and will carry all county printing, we intend to also give all county news. Your assistance not only helps make the Herald a better paper, but boosts your community to the front. Advertise your community and it benefits you.

We will furnish stamped envelopes, stationery and the Herald to any correspondent who will send us regular news from your neighborhood. Now here is four chance to write for a real live, wide-awake newspaper.

Please send your news items so that they will reach us not later than noon, Wednesday of each week, and send them in regularly.

S. F. Salamy, a business man of Hickman, Ky., was in this city Saturday looking for location for a general merchandise business. We would welcome him to this city, and the more business in a city the more people it draws to this city. We found him a very nice and courteous gentleman, and appeared to be a good business man.

## SCHOOL NOTES.

By W. H. JOHNSON, Superintendent.

Dr. William J. Williamson of St. Louis informs us that he will be here Sunday, May 21, to preach the baccalaureate sermon to the graduating class. This will be a rare opportunity for the people of Hayti and vicinity to hear this noted speaker. Everybody invited.

We hope that everybody will come together on Friday, May 19, the closing day of school, to help make the day an enjoyable one for our boys and girls. We want to make this the best "School Picnic" we have had, and this can be done if the patrons of the school and every one come together on that day for one big time. The ladies of the district have a reputation for their good cooking, as has been shown by the dinners they have set in the past. We feel certain they will sustain their record in this respect this year. We are asking the Hussar Band to spend the day with us and we know that will mean a musical treat. Athletic events, big dinner, school march, Maypole and May day program, etc., will make the occasion a red letter day for our school children; and of course the older folks will enjoy the day, also.

"Dot, the Miner's Daughter," is the title of the Senior play, which will be given Thursday night, May 18. The senior class is giving this play to help defray the expenses of their graduating exercises. Let's help them in the effort they are putting forth.

Final examinations will be given Thursday and Friday of this week. No doubt some pupils will fail of promotion, and if they

## It Does Make a Difference Where You Buy Your Drugs

There is no other line of business which demands the same spirit of carefulness as the sale of drugs. This carefulness not only refers to an effort to avoid errors, but it includes care in buying, handling and selling of everything a druggist carries.

The mission of the drug business is to safeguard the interests of the public. To do this properly, constant care must be exerted.

We are careful, and we seek the trade of customers who appreciate the fact that care counts.

We want you to realize that the characteristic feature of our store is reliability.

## THEY CARRY THE BEST STOCKINGS IN TOWN

That's a great thing to have said about a store.

Women everywhere recognize the superior qualities of Iron Clad Hose and are pleased with the service they give.

And we realize that a pleased customer is about the best asset a store can have. That is why we carry the "Iron Clad." Be sure to ask for them, if you want the best there is for the money.

## Marshall Field Was Right

Marshall Field founded his success as a retail dealer on twelve truths. One he called "The obligation of duty."

This store agrees with Fields. We realize our obligation to the man who trusts our judgment for the value he can't see.

It is that deeper value which we offer you in Clothcraft Clothes for men and young men—that long-wearing fabric and thorough-going workmanship, built in piece by piece and step by step.

The makers of Clothcraft also believe in the obligation of duty. For seventy years they have labored to improve medium-priced clothes by putting into added value the savings due to better methods of manufacture.

Clothcraft sales justify our conviction that the dealer's success goes hand in hand with the buyer's satisfaction.

Make our store a visit while in Caruthersville. Will be glad to meet you. Plenty of ice water, and a rest room for ladies.
